

**IPR 2021 - 8th International Pediatric Radiology Conjoint Meeting & Exhibition - Rome, October 11-15, 2021**  
**Preliminary Program**

<b>LEGENDA</b>			
	Pre-Courses		Categorical Courses
	Scientific Sessions		Sunrise Sessions

**Wednesday, October 13, 2021**

Start Time	End Time	Duration	Item
06:45	08:30	01:45	Breakfast
06:30	13:00	06:30	Registration
<b>07:30</b>	<b>08:20</b>	<b>00:50</b>	<b>Sunrise Session 1-A (Concurrent): Education</b>
07:30	07:55	00:25	Reviewing for Pediatric Radiology
07:55	08:20	00:25	Statistics for reading or writing a scientific publication: What a pediatric radiologist should know
<b>07:30</b>	<b>08:20</b>	<b>00:50</b>	<b>Sunrise Session 1-B (Concurrent): Nuclear Medicine</b>
07:30	07:55	00:25	How to optimize Nuclear Medicine techniques in children
07:55	08:20	00:25	Use of 19F-DOPA PET/CT in children with hyperinsulinism
<b>07:30</b>	<b>08:20</b>	<b>00:50</b>	<b>Sunrise Session 1-C (Concurrent): Musculoskeletal</b>
07:30	07:55	00:25	Image-guided MSK interventions
07:55	08:20	00:25	Contrast enhanced ultrasound for evaluation of hip dysplasia/AVN
<b>07:50</b>	<b>10:00</b>	<b>02:10</b>	<b>Radiographers' Programming</b>
<b>08:30</b>	<b>10:00</b>	<b>01:30</b>	<b>Categorical Course V-A (concurrent) - Genitourinary: the essentials</b>
8:30 AM	8:50 AM	00:20	UTD refresher
8:50 AM	9:10 AM	00:20	Don't be confused: common congenital GU anomalies
9:10 AM	9:30 AM	00:20	Imaging of the pelvis: when is US enough
9:30 AM	9:50 AM	00:20	STAT! Emergencies you can't miss (cases)

# IPR 2021 - 8th International Pediatric Radiology Conjoint Meeting & Exhibition - Rome, October 11-15, 2021

## Preliminary Program

LEGENDA			
Pre-Courses	Categorical Courses	Scientific Sessions	Sunrise Sessions

<b>08:30</b>	<b>10:00</b>	<b>01:30 Categorical Course V-B (concurrent) - Interventional: tips for specialists</b>
--------------	--------------	---

08:30	08:50	00:20 Cryoablation, microwave, RFA: when, where, why ?
08:50	09:10	00:20 Inflammatory vs noninflammatory arterial stenosis: how and when to treat?
09:10	09:30	00:20 Fetal vascular tumors: role of IR
09:30	09:50	00:20 Difficult cases or TEN commandments in IR - case experience

<b>10:00</b>	<b>10:30</b>	<b>00:30 Break</b>
--------------	--------------	--------------------

<b>10:30</b>	<b>11:00</b>	<b>00:30 Radiographers' Programming</b>
--------------	--------------	---

<b>10:30</b>	<b>11:30</b>	<b>01:00 Categorical course VI-A (concurrent) - Interventional: the essentials</b>
--------------	--------------	--

10:30	10:45	00:15 To drain or not to drain, and how !
10:45	11:00	00:15 Vascular malformations, practical approach
11:00	11:15	00:15 Biliary intervention: tricks
11:15	11:30	00:15 Renovascular disease - an update

<b>10:30</b>	<b>11:30</b>	<b>01:00 Categorical Course VI-B (concurrent) - Genitourinary: tips for specialists</b>
--------------	--------------	---

10:30	10:45	00:15 MR of the GU tract: when and how
10:45	11:00	00:15 Functional imaging of the urinary tract: when does dilation matter?
11:00	11:15	00:15 The management of UTD
11:15	11:30	00:15 GU-ess what? GU unknowns for the intrepid

<b>11:35</b>	<b>13:05</b>	<b>01:30 Radiographer's Programming</b>
--------------	--------------	---

<b>11:35</b>	<b>13:15</b>	<b>01:40 Scientific Session III-A: (concurrent) NEURO - From structural to functional pediatric neuroimaging</b>
--------------	--------------	--

11:35	11:50	00:15 Is functional neuroimaging adding value in daily practice?
11:50	13:00	01:10 Scientific Papers: 8
13:00	13:15	00:15 Functional Neuroimaging - state of the art and future directions

**IPR 2021 - 8th International Pediatric Radiology Conjoint Meeting & Exhibition - Rome, October 11-15, 2021  
Preliminary Program**

<b>LEGENDA</b>			
	Pre-Courses		Categorical Courses
	Scientific Sessions		Sunrise Sessions

11:35	13:15	01:40	<b>Scientific Session III-B: (concurrent) CARDIAC - 4D flow MRI</b> <i>Moderators - ESPR &amp; SPR</i>
11:35	11:50	00:15	4D MR in Congenital Heart Failure
11:50	13:00	01:10	Scientific Papers: 8
13:00	13:15	00:15	New applications of 4D MRI
11:35	13:15	01:40	<b>Scientific Session III-C: (concurrent) GENITOURINARY - New approaches to detect damage to the pediatric kidney</b>
11:35	11:50	00:15	What did we learn from imaging renal damage in children?
11:50	13:00	01:10	Scientific Papers: 8
13:00	13:15	00:15	Advanced imaging of the renal parenchyma
11:35	13:15	01:40	<b>Scientific Session III-D: (concurrent) ONCOLOGY - Current controversies in childhood cancer</b>
11:35	11:50	00:15	Pitfalls and errors in pediatric oncologic imaging
11:50	13:00	01:10	Scientific Papers: 8
13:00	13:15	00:15	Approach to thyroid nodules in children
13:30	14:30	01:00	<b>Lunch</b>
13:30	14:30	01:00	<b>Sponsor Symposium C</b>
13:30	14:30	01:00	<b>Sponsor Symposium D</b>
13:30	15:00	01:30	<i>Pediatric Radiology Editorial Board Lunch meeting</i>
	14:30		<b>Adjourn</b>
